an introduction to operations management the joy of operations covers the core topics of operations management including product and service design processes capacity planning forecasting inventory quality supply chain management and project management das provides a clear connected and current view of operations management and how it relates to a firm s strategic goals students will benefit from the real world scenarios that foster an understanding of operations management tasks without relying heavily on statistics and mathematical derivations the book offers applied models and a simple predictable chapter format to make it easy to navigate students of introductory operations management courses will love this practical textbook a companion website features an instructor s manual with test questions as well as additional exercises and examples for in class use

drawing on the critical legal tradition the collection of international scholars gathered in this volume analyse the complicities and limitations of international criminal law this area of law has recently experienced a significant surge in scholarship and public debate individual criminal accountability is now firmly entrenched in both international law and the international consciousness as a necessary mechanism of responsibility critical approaches to international criminal law an introduction shifts the debate towards that which has so far been missing from the mainstream discussion the possible injustices exclusions and biases of international criminal law this collection of essays is the first dedicated to the topic of critical approaches to international criminal law it will be a valuable resource for scholars and students of international criminal law international law international legal theory criminal law and criminology

with this fourth edition accountants will acquire a practical set of tools and the confidence they need to use them effectively in making business decisions it better reflects a more conceptual and decision making approach to the material the authors follow a macro to micro strategy by starting with a discussion of real financial statements first rather than starting with the accounting cycle the objective is to

establish how a financial statement communicates the financing investing and operating activities of a business to users of accounting information this motivates accountants by grounding the discussion in the real world showing them the relevance of the topics covered to their careers
